MEMORANDUM IN SUPPORT OF APPLICATION FOR FURTHER  
APPELLATE REVIEW

PREFACE

I, Elizabeth Lutwak, have been assigned by the Committee for Public Counsel Services as counsel on appeal for the defendant. The arguments contained in this Application for Further Appellate Review have been included at the defendant's insistence. In accordance with Commonwealth v. Moffett, 383 Mass. 201, 208 (1981), I find it necessary to disassociate myself from the arguments contained in this application.<sup>1</sup>

---

<sup>1</sup> These same arguments were submitted to the Appeals Court without proper supporting authority and without a Moffett preface because I thought that would best

The defendant appealed from his conviction on three indictments returned August 21, 2001, by the Hampden County grand jury, charging him with two counts of unlawful distribution of a controlled substance class B, second offender, G.L. c. 94C sec. 32A (c) and (d) and violation of controlled substance law school or park zone, G.L. c. 94C sec. 32J.<sup>2</sup> On January 12, 2004, affirmed the defendant's convictions in a decision pursuant to Rule 1:28. (R.1)

STATEMENT OF FACTS RELEVANT TO THE APPEAL

In his opening argument to the jury, the prosecutor suggested that the defendant had gone back into the building after selling cocaine to Detective Aguirre and before being arrested. (Tr.I-62) Sergeant Maloney testified that from his surveillance location he could not see into the entrance on Terrence Street where the defendant supposedly entered and left the buy money. (Tr.I-68,74) Detective Lozada's surveillance location was on Terrence Street, a

<sup>2</sup> The Record Appendix will be cited as (R.). Citations to the transcript of the trial will be denoted as (Tr.I-) and (Tr.II-).

position which enabled him to see the entrance to the building that the defendant supposedly entered. (Tr.I-75)

Defense counsel requested a missing witness instruction on the ground that the prosecutor's opening argument and the testimony of the witnesses had suggested that Detective Lozada had been in a position to observe the defendant re-enter the building. (Tr.II-4,5) The failure of the Commonwealth to call Detective Lozada under the circumstances suggests that his testimony would have been at odds with the Commonwealth's theory of what became of the buy money given by Detective Aguirre to the defendant. The Court declined to give the missing witness instruction and defense counsel renewed his objection. (Tr.II-5,48)

STATEMENT OF ISSUES WITH RESPECT TO WHICH FURTHER  
APPELLATE REVIEW IS SOUGHT

1. Whether the judge's charge to the jury on reasonable doubt impermissibly lowered the Commonwealth's burden of proof.
2. Whether the judge's charge to the jury on circumstantial evidence impermissibly lowered the Commonwealth's burden of proof.

3. Whether the judge's refusal to give a missing witness instruction was prejudicial to the defendant.

ARGUMENT

THE JUDGE'S CHARGE TO THE JURY ON REASONABLE DOUBT IMPERMISSABLY WEAKENED THE COMMONWEALTH'S BURDEN AND VIOLATED THE DEFENDANT'S RIGHTS TO DUE PROCESS AS GUARANTEED HIM BY THE FOURTEENTH AMENDMENT TO THE UNITED STATES CONSTITUTION AND BY ARTICLE 12 OF THE MASSACHUSETTS DECLARATION OF RIGHTS

The judge instructed the jury on reasonable doubt as follows:

So that brings us to the term, what is proof beyond a reasonable doubt? What does that standard mean? It is a term that's often used, probably pretty well understood, but it's not easily defined, at least verbally. Reasonable doubt is not mere possible doubt, because everything that relates to human affairs is open to some possible or some imaginary doubt. Reasonable doubt, on the other hand, is that state of the case, which after you compare and consider all of the evidence, leaves your minds in that condition that you cannot say that you feel an abiding conviction to a moral certainty of the truth of the charge. You must consider that all presumptions of law are in favor of innocence and that the plaintiff (sic) is presumed innocent and will forever remain so unless and until proven guilty beyond a reasonable doubt. It is not enough for the prosecution to establish through the evidence a probability, even a strong one,

that the facts charged are more likely true than not. Rather, the prosecutor must, through the evidence, establish the truth of the necessary facts to a reasonable and to a moral certainty; that is, a certainty that satisfies your reason and your judgment when you act conscientiously upon it. This we take to be proof beyond a reasonable doubt.

(Tr.II-24,25)

Although the "beyond a reasonable doubt standard" is a requirement of due process, the Constitution does not require that any particular words be used to explain that standard to the jury, so long as the instructions as a whole correctly convey to the jury the government's burden of proof. Victor v. Nebraska, 114 S.Ct. 1239, 1243 (1994). When a reasonable doubt instruction is challenged, the federal constitutional question is whether there is a "reasonable likelihood" that the instruction was applied in an unconstitutional manner. Id.

In Commonwealth v. Rosa, 422 Mass. 18, 27 (1996), the Supreme Judicial Court set a lower standard, i.e., "whether a reasonable juror could have used the instruction incorrectly." When a reasonable doubt instruction has been held to be defective, due process requires that the verdict be vacated.

The verbatim Webster charge twice states that the Commonwealth bears the burden of proof. See

Commonwealth v. Webster, 5 Cush. 295, 320 (1850).

Although the judge here states that the prosecutor must, through the evidence, establish the truth of the necessary facts to a reasonable and to a moral certainty, she never clearly states that the Commonwealth bears the burden of proof. The fact that the verbatim Webster charge twice states this fact underscores its importance to the charge on reasonable doubt.

The verbatim Webster charge also states that if, after considering the proof offered by the Commonwealth there is a reasonable doubt remaining, the accused is entitled to the benefit of that doubt by an acquittal. Id. The judge in the instant case also neglects to include this fundamental concept in her charge.

These omissions from the verbatim Webster charge, coupled with the use of the phrase "moral certainty," and the judge's use of the phrase "imaginary doubt" impermissibly lowered the Commonwealth's burden of proof and render the instruction on reasonable doubt defective. A reasonable juror could have used this instruction incorrectly and therefore due process

In the case at bar, the Commonwealth suggests in his opening statement that the reason that the defendant had no money on his person when arrested was that he had gone back into the building between the time he sold the cocaine to Detective Aguirre and the time he was arrested. (Tr.I-62) There was testimony from Sergeant Maloney that Detective Lozada was part of the surveillance team and was positioned on Terrence Street. The building entrance that the defendant supposedly entered was on Terrence Street.

The Commonwealth's failure to call Detective Lozada as a witness to the fact that the defendant was seen entering the building suggests that Detective Lozada's testimony would not have supported the by the Commonwealth's claim that the defendant went back into the building. If Detective Lozada had testified that the defendant did not enter the building, the Commonwealth would have no explanation for why the defendant had no money on him at the time of his arrest, in spite of Detective Aguirre's testimony that he had handed the defendant twenty dollars minutes before.

Because defense counsel objected to the refusal of the judge to give a missing witness instruction,

the question on appeal is whether the failure to give the instruction was prejudicial to the defendant. Commonwealth v. Flebotte, 417 Mass. 348, 353 (1994).

This evidence, or lack of evidence, undermines the identification of the defendant as the person to whom Detective Aguirre sold the drugs and hence the Commonwealth's entire case against the defendant. The failure of the judge to give the missing witness instruction was prejudicial to the defendant.

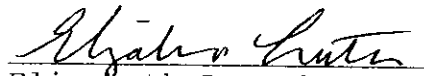

CONCLUSION

For the reasons stated in arguments I, II and III above, the defendant's conviction should be reversed.

Respectfully submitted,

William Humphries
